Lane-16, Gandhi Colony, Muzaffarnagar, UP, India

Profile

As a third-year BTech student majoring in Computer Science and Engineering, I am proficient in C++, data structures, HTML, CSS, JavaScript, front-end development, and Python. I possess a solid understanding of core CS fundamentals, Operating Systems, Software Engineering, DBMS and concepts of Machine Learning. I am seeking a software engineering internship to enhance my skills and broaden my knowledge. I am eager to contribute to your team, demonstrating a strong commitment to continuous learning.
